Columbus Blue Jackets select Prestige Medical Imaging

COLUMBUS, OH – October, 2018 – Prestige Medical Imaging (PMI) the largest independent provider of digital imaging technology and services for medical facilities, is pleased to announce that they have installed a State-of-the-Art Digital X-Ray System for the National Hockey League's (NHL) Columbus Blue Jackets at Nationwide Arena in Columbus, OH.

This state-of-the-art medical imaging equipment is designed to quickly and accurately diagnose players. Providing high quality images and faster imaging capabilities which allows for accelerated workflow.

"We are proud to partner with the NHL's Columbus Blue Jackets and provide them with State-of-the-Art Digital X-Ray equipment. This

technology ensures these world class athletes receive superior imaging quality during preliminary examinations," said Bill Haussmann PMI's CEO.

Mr. Bill Haussmann, Chief Executive Officer for Prestige Medical Imaging (PMI), comments, "To know that the Columbus Blue Jackets medical staff depends on this advanced imaging technology for their athletes further validates our solution's excellence and value. Our quality products, coupled with our unique and proactive approach to service, have delivered efficiencies in imaging workflow that will allow Columbus Blue Jackets athletes to receive quicker diagnoses and, in many cases, be back on the ice within minutes. It is exciting to provide these services to a hockey club that possesses a great deal of young talent in a highly competitive division."

"We're very happy to have PMI equip our medical room with a state-of-the art X-Ray equipment that will provide quality imaging for our OhioHealth team physicians to use when evaluating player injuries," said Mike Vogt, Columbus Blue Jackets Head Athletic Trainer.
